

AWARD WINNING WILD VENISON

OUR NEW VENISON ROAST SERVICE

We now have a new venison roast service available- perfect for your summer parties and barbeques.

As part of the service we come to your venue with our award winning wild venison. The service includes: venison for up to 150 guests, a full salad bar and a chef to do the cooking so you don't have to. Alternatively, for the customers who wish to cook themselves, our equipment is also available for hire.

From just £6.50 per head, this is a great new service.
